CLIENT GUIDE

WWW.HEIRMEDIA.NET

hello!

Heir Media is a boutique multimedia production house that functions as both a film production company, publishing house, consulting agency, and game developer. This approach allows us to tackle most projects with innovation and creativity; while also completing the projects in excellence. We pride ourselves on our 'story-first' approach (which we've found helps brands come across as more friendly and accessible).

Here, we offer a variety of services: from commercials and TV spots, to novels and brand design; we are a one-stop-shop for both the business venture in its infancy and the entrepreneur who's looking to take their brand to the next level.

Thank you for taking the time to look over our various product offerings and services. If you have any questions that aren't answered in this brochure or our website, feel free to reach out to us and we'll get back to you.

what to expect

WE'RE HERE TO HELP YOU ENGAGE YOUR AUDIENCE THROUGH THE USE OF
ANIMATION AND ILLUSTRATION.

Our approach is simple, we'll get an understanding of the scope of your project, its purpose, and tone; then, we'll send you the proposed budget and creative brief. Once we've agreed on the budget and brief, we'll get to work with the rough sketch. From the rough sketch, we'll create a full-color, primary illustration and set up a meeting to review. After our review, we'll add any extra effects and changes that were discussed in the meeting.

The whole process is meant to be as simple and straightforward as possible, in an effort to deliver our clients with the best product we can.
